

## **Telephone assessment - Additional guidance**

The second stage of shortlisting for this selection exercise will be a telephone assessment lasting 30 minutes. Should you be successful at the first stage of shortlisting, you will receive an invitation approximately a week before the beginning of the assessment period with the date and time of your interview. When receiving the call from the panel, you will need to be in a quiet room, on a landline if possible. This is because the quality of mobile phone communications is sometimes less than satisfactory. If you are planning to be abroad during the period of the telephone assessment, please send an email to [jachighcourtset3@jac.qsi.gov.uk](mailto:jachighcourtset3@jac.qsi.gov.uk) inbox as special arrangements will need to be put in place.
